Enhance Learning

In-Person and Online Programs

Winter 2026

740-363-6677 MySourcePoint.org

Jan. 5-April 4, 2026

Hours of operation: Monday-Thursday, 8 a.m.-8 p.m. Friday, 8 a.m.-5 p.m. Saturday, 8 a.m.—noon. Close at 4 p.m. Jan. 16; closed Jan. 17 and 19, March 6.

Registration is required and

begins Dec. 15 at MySourcePoint. org/EC or with customer service. All programs take place at 800 Cheshire Road, Delaware unless otherwise indicated. Program fees are slightly adjusted and prorated throughout the quarter. Programs subject to change.

Scholarships have expanded access! Email CRN@ MySourcePoint.org, call 740-363-6677, or apply online.

Cancellation Policy: You will receive a refund for fee-based programs canceled by SourcePoint or for programs from which you withdraw before the deadline. Refunds are not available for programs you're unable to attend.

Lifelong learning can enhance our understanding of the world around us, provide us with more and better opportunities, and improve our quality of life.

Special Event

NATURE SKETCH EVENT NEW!

Monday, Feb. 2, 11 a.m.-12:30 p.m.

For details, see Express Yourself with the Arts.

Discussion & Interest Groups

BOOK CLUB: FICTION ADDICTION

Third Wednesday of each month, 1-2 p.m.

Join facilitator and member Annette Schorr as she leads this book discussion group. Enjoy sharing and experiencing others' thoughts and perspectives. Please get the book on your own. For questions, contact Annette Schorr at apschorr2@gmail.com.

Jan. 21: "Beneath a Scarlet Sky" by Mark Sullivan.

Feb. 18: "The Authenticity Project" by Clare Pooley.

March 18: "Pigs in Heaven" by Barbara Kingsolver.

Fee: \$3 for series.

BOOK CLUB: NONFICTION NAVIGATORS NEW DATE AND TIME Second Monday of each month, 11 a.m.-12:30 p.m.

Read and discuss the books noted. Share insights and ponder perspectives with others. Books may be borrowed from the Delaware County District Library or downloaded. Pick up at Main and Orange branches of Delaware County District Library, using your library card.

Jan. 12: "How to Know a Person: The Act of Seeing Others Deeply and Being Deeply Seen" by David Brooks.

Feb. 9: "The Small and the Mighty: Twelve Unsung Americans Who Changed the Course of History From the Founding to the Civil Rights Movement" by Sharon McMahon.

March 9: "Blind Spots: When Medicine Gets It Wrong, and What

It Means for Our Health" by Marty Makary.

Fee: \$3 for series.

IT'S GREEK TO ME: SERIES Third Thursday of each month, 1–2 p.m.

We spend our days steeped in Greek history without knowing it. Come and explore a series of Greek topics with discussion leader, Sylvia Zimmerman who has a MA in psychology and a M.DIV from Methodist Theological Seminary.

Fee: \$3 for series.

MODEL TRAIN GROUP Thursdays, 9:30–10:30 a.m.

Calling all train fans! Discuss running layouts, scenery and tips. Come and watch or bring in your trains, engines and cars to run. Come when you can. Fee: \$3 for series.

SOCRATES CAFE Fourth Wednesday of each month, 1–2:30 p.m.

Socrates Cafe's thoughtprovoking questions foster critical thinking and vibrant dialogue about essential life issues. Members share their personal insights, knowledge, and perspectives with small groups led by facilitators. New for 2026: no table reporters or reports. Join to enjoy lively, energizing dialogues that enhance facets of your life. Jan. 28: Does studying the humanities have value? Feb. 25: Is loyalty a virtue or vice?

March 25: Does human life have a destiny? Fee: \$3 for series.

THOUGHT SPARKS **NEW!** First Wednesdays of each month, 1–2 p.m.

Thought Sparks stimulates reflection on thoughtprovoking questions that capture life's ebbs and flows, detours and roundabouts. peaks, and valleys. Questions like: "If you could have one superpower, what would you want it to be?" Members share their adventurous, courageous, creative, insightful, intense, passionate, and stirring perspectives. The dialogues elicit cerebral canons, cheerful chortles, nodding noggins, subtle surprises, and more. Register to avoid: FOMO (Fear of Missing Out). Fee: \$3 for series.

Educational Classes & Presentations

To ensure proper planning, register at least two business days prior to the class.

AARP SMART DRIVER™ COURSE

Tuesday, March 10, 8:30-11 a.m. and 11:30 a.m.-2:30 p.m. (Lunch on your own)

Feel more confident behind the wheel AND save money! Refresh your driving skills and learn proven techniques to stay safe on today's roads. You'll explore evidence-based strategies, new traffic laws and rules of the road, and ways to handle aggressive drivers with confidence and calm. Plus, completing the course could make you eligible for a multiyear discount on your auto insurance. There will be a break for lunch. Lunch on your own. For more information visit aarp.org/drive. Other restrictions may apply. Consult your personal insurance agent for details. Questions? Contact Jackie Bain at 740-203-2083 or jbain@delawarehealth.org. Fee: \$20 for AARP members; \$25 for non-members Pre-register; pay in person at class (check or cash).

ADENA MANSION – HOME OF THOMAS WORTHINGTON NEW!

Tuesday, March 3, 1-3 p.m.

The Adena Mansion in
Chillicothe is one of Ohio's
oldest and most significant
historical sites. It is the home
of Thomas Worthington,
former Ohio governor, senator,
and statesman who helped
Ohio obtain statehood. One
of the true founding fathers
of our great Buckeye state.
The presentation will tour

the mansion and grounds of Adena and share the history of the family who lived there. Journey back in time to learn the story of Adena.

Fee: \$3.

ARTIFICIAL INTELLIGENCE... TODAY AND MAYBE TOMORROW NEW!

Thursday, Feb. 19, 1-2:30 p.m. Are you wondering about the who, what, when, where, how, and why of Artificial Intelligence (AI)? Here's a "primer" on a constantly evolving AI that impacts your life. It may improve our healthcare, customer interactions, and our competitive edge in the world's economy. It also has the potential to harm us. We still can shape Al's future. Explore where AI is today and the factors that influence where it goes tomorrow. May you live in interesting times! Come learn about this with presenters Jarren Ringle and Richard Arndt!

Fee: \$3.

ASK AL 1:1 SESSIONS ON PHOTOGRAPHY: CAMERA BASICS

Wednesdays, Jan. 7, 14, 21, 28, Feb. 4, 11, March 4, 11, 18, 9–10:30 a.m. by appointment. Do you want to know more about photography? Learn about basic camera

procedures and camera controls such as composition, multiple exposure, time lapse photography, etc. Ask Al Smith 1:1. Please answer questions at registration so that Al is better prepared to help you. Limit: one session per month.

AYURVEDIC SELF-CARE FOR
MARCH: TRANSITIONING
WITH THE SEASON NEW!
Wednesday, March 4, 1–2 p.m.
March marks the transition

March marks the transition from winter to spring, known in Ayurveda as the shift from Vata to Kapha season. This time of year is when accumulated Kapha can start to melt, leading to sluggishness, congestion, and allergies. Learn in this class cleansing and revitalizing self-care practices that helps balance these seasonal shifts and boosts energy and immunity.

Fee: \$3.

AYURVEDIC SELF-CARE: GUIDE TO SLEEPING WELL & RESTFUL NIGHTS NEW!

Wednesday, Jan. 7, 1–2 p.m.
Join Dr. Vandana Baranwal as you discover Ayurveda's natural wisdom to improve sleep quality and find balance with a calm mind and body. This class explores how Ayurvedic principles can address common sleep challenges. You'll learn how diet, bedtime rituals, and lifestyle choices

can encourage restful sleep, enhance rejuvenation, and support overall wellness. Ideal for anyone seeking holistic ways to manage sleep issues, this class offers practical tools to incorporate Ayurveda into your nightly routine for lasting benefits.

Fee: \$3.

AYURVEDIC SELF-CARE: WARMING AND NOURISHING PRACTICES NEW!

Wednesday, Feb. 4, 1–2 p.m. Winter is Vata-Kapha season in Ayurveda, with cold, dry, and heavy qualities that can increase feelings of sluggishness and make the body more susceptible to imbalances like dry skin, joint discomfort, and low immunity. Ayurvedic self-care in winter focuses on nourishing, grounding, and warming practices to support physical and mental balance.

Fee: \$3.

BEGINNERS GUIDE TO GENETIC GENEALOGY USING DNA TESTING NEW!

Thursday, March 5, 1–2:30 p.m. Larry Schaaf will provide a clear introduction that explains what DNA is, how it's inherited, and why it is important for family history research. As a participant, you will learn to understand types of DNA tests, what you can learn from

testing, and how DNA can help you discover ancestors, confirm family connections, and find living biological relatives. Larry has been leading genealogy presentations at SourcePoint from his genealogical studies and his personal findings. *Fee: \$3.*

BIG ADVENTURES IN SMALL

PLANES NEW!

Thursday, March 12, noon-1 p.m.

Join Rick, a pilot with 53 years of experience, who has flown the entire perimeter of the 48 states and the full lengths of the Mississippi, Missouri, Ohio, and Scioto Rivers. He has partnered with dozens of charitable organizations, transporting medical patients and rescue animals, and delivering medical and disaster relief supplies in response to national emergencies-and much more. Rick will share his adventures from a five-day flying vacation in his own small plane through parts of Ohio, Pennsylvania, New York, and New Jersey. Along the way, he visited several museums, enjoyed an Erie Canal boat tour, and capped it all off with a visit to the Flight 93 National Memorial in Shanksville, PA, on 9/11.

Fee: \$3.

BIRDING SERIES BEYOND MALLARDS NEW!

Monday, Feb. 23, 12:30– 2 p.m. Did you know that Ohio's wetlands and waterways are home to about 25 species of ducks throughout the year? Join birder Susan Wasmund and Darlene Sillick to explore the world of resident and migratory divers, dabblers, divers, geese and other birds that are likely found in central Ohio this time of year. This class will be followed by a field trip next month to the Delaware Reservoir and neighboring wetlands. No experience necessary, only a curiosity about our natural world. This session will help prepare you for the March Hike at the Delaware Wildlife area. Maps will be provided.

Fee: \$3.

BIRDING SERIES THE GREAT BACKYARD BIRD COUNT *NEW!* Wednesday, Feb. 4, 10–11:30 a.m.

Join Darlene Sillick as she introduces you to one of the Cornell Lab of Ornithology fun birding projects. The Great Backyard Bird Count runs internationally from Feb. 13–16. You can count birds at your feeders and report what you see on birdcount. org/participate. She will share how you can give 15 minutes or a couple hours to counting

birds on and off over the 4-day period. By attending the program, "Winter Residents" on Jan. 8, 11 a.m.—12:30 p.m., you will have a deep understanding of some of the species to look for.

BIRDING SERIES HIKE NEAR DELAWARE DAM *NEW!*Monday, March 16, 10 a.m.— noon at Panhandle Road, Delaware.

Join bird expert Susan Wasmund as you hike near the Delaware Dam in search of birds on this winter hike. From SourcePoint, take Cheshire Road to Rt. 23. Turn right onto U.S. 23 N. for 6.3 miles. Drive to Panhandle Road 3.1 miles. Once you travel over the dike (Long raised hill that is an extension of the dam), there is a small gravel parking lot on the right. Please dress for the weather (in layers with boots, gloves and hat) and bring your binoculars. We will walk to the flat top of the dike and follow it for about a half mile. Observe wintering waterfowl if there is open water, and possibly eagles. In addition, after the hike, we will return to our cars and drive farther down Panhandle Road stopping along the way for interesting wildlife. The road at this point is part of the Delaware Wildlife area and has very little traffic. There are also gravel parking lots

along the way. If there is bad weather, the hike is canceled and will be rescheduled. To contact me with further directions, email swasmund53@gmail.com.

BIRDING SERIES WINTER RESIDENTS **NEW!**

Thursday, Jan. 8, 11 a.m.– 12:30 p.m.

Join birdwatchers Darlene Sillick and Susan Wasmund who will give an in-depth PowerPoint presentation on the winter migrants and resident birds you can see outside your windows or on a winter walk. The talk will be fun, informative, and suggest how to invite some of the seedeating species to your own yard. See you then! Each of these 4 programs build on the one before it. You can take one or attend all four. Registration required.

BRAIN BOOST HYBRID, NEW NAME

Fridays, 11 a.m.-noon.

Previously known as Mind
Aerobics. Come for a fresh new
outlook on Mind Aerobics.
Flex your mind every Friday
as we engage in group
discussions, mind games, trivia,
and in-depth current event
conversations. Bring an open
mind and share your ideas
as we work our memories,
our problem-solving abilities,

and our ability to make connections. Each week is different, with segments that encourage you to think. In person or online available. Fee: \$20 for the quarter.

BUILD A NESTBOX FOR YOUR PARKS NEW!

Thursday, March 19, 2–3:30 p.m.

Join Darlene as you learn how to build a nestbox that will go out in parks in Delaware County. The kits are predrilled out of cedar, and we will guide you through the steps to construct a quality home for birds. Please bring a cordless drill with a Phillips bit if possible. We will have room for 20 kits to be built. If you decide to buy the nestbox, the cost is \$15 cash paid in class to Darlene. Questions, contact Darlene Sillick at dsillick118@ gmail.com.

CREATIVE WRITING: NEW TO CREATIVE WRITING Second Monday of each

month, 2:15-4:15 p.m.

Whether you've just started or are picking up the pen again, this friendly group helps you explore ideas, express emotions, and practice empathy through storytelling and poetry. Each session includes time to share (up to 5 minutes) and hear from others. New to the group? Reach

out to facilitator Judy Titus at titusj3083@gmail.com for this month's prompts. Sessions are ongoing—join anytime.

Fee: \$5 for series.

CREATIVE WRITING: CONTINUING Fourth Monday of each month, 2:15–4:15 p.m.

Share your writing with others in a welcoming community. Fellow writers share positive, constructive feedback. Previous writing experience recommended. If you are new to the group, please email facilitator Judy Titus at titusj3083@gmail.com for the most current prompts Fee: \$5 for series.

DOWN MEMORY LANE NEW!

Monday, Feb. 9, 12:30-2 p.m. Join Susan Liechty, a Delaware County Master Gardener, for "Down Memory Lane," a tribute to the moments that stay with us—the scent of a favorite meal, the rustle of a garden in bloom, the laughter of family gathered close. It's a quiet journey through the memories that shaped us, reminding us how food, gardens, and loved ones have always nourished both heart and home. We invite you to share your own treasured memories—the recipes. gardens, and family stories

that make your journey down memory lane uniquely yours. Fee: \$3.

EDUCATORS KLATCH: A ALTERNATIVE THERAPY: NEW! Wednesday, March 25, 10:30 a.m.—noon.

This presentation delves into the fascinating world of alternative therapy, with a focus on transforming health and well-being. Join Polly Morgan, a retired acupuncturist, as we explore the science, culture, and philosophy behind Acupuncture, Yoga, Reki, and more, and learn how they complement traditional medicine to nurture the mind, body, and spirit.

Fee: \$3.

FAMOUS HISTORIC PHOTOS **NEW!**

Tuesday, Jan. 6, 1–3 p.m. As the old saying goes, "a picture is worth a thousand words," and this presentation confirms just that. Many of the world's most famous photos will be displayed along with historic pictures from our American past. Some you will have never viewed and others you will instantly recognize. Join Van Young in a discussion that is both entertaining and informative.

Fee: \$3.

FINDING YOUR ROOTS 1:1 SESSIONS BY APPT.

Tuesdays, 1–3 p.m. or 3–5 p.m. at Delaware County District Library, 84 W. Winter St., Delaware.

Thursdays, 10 a.m.-noon or 1-3 p.m. at Delaware County District Library, 84 W. Winter St., Delaware.

Join a volunteer from the Delaware County Genealogy Society at the Main Branch of the Delaware County District Library as you work with an experienced researcher using both online and paper resources for genealogical research. To schedule your session, register for an available time slot. Limit of one session per month.

FROM SKETCHES TO SCREENS: A JOURNEY THROUGH ANIMATION NEW!

Monday, Feb. 9, 5–6:30 p.m. Step into the captivating world of animation with Victoria Carmina as presenter! This presentation takes you on the journey through the evolution of animation—from early hand-drawn magic to today's cutting-edge CGI. Discover the pioneers, the hardships, the turning points, and the timeless characters that shaped an industry and changed storytelling forever. Victoria is a Professor at the Columbus College of Art and Design and

a professional published comic artist and has worked with Disney.

Fee: \$3.

GENEALOGY: USING DIGITIZED NEWSPAPERS *NEW!* Wednesday, March 11, 1–2:30

Newspapers are an incredible resource for genealogical research, and thousands are available online, many of them for free. If you're lucky, you'll find stories about your ancestors that help you see them as people, not just as dates and events. We'll cover what kinds of information are found in newspapers, how to identify and locate relevant online newspapers, and how to effectively search for the information you want.

Fee: \$3.

GETTING A HANDLE ON DECLUTTERING IN THE NEW YEAR NEW!

Friday, Jan. 9, 1–2:30 p.m. Is your house bursting at the seams, and with Christmas coming will you have even more "stuff" to find a place for? This is the year to decide you are going to start getting control of your house and your stuff. Make it your New Year's resolution that now is the time you are going to move it out of the house. This class will encourage you to get started

or re-started to work your way through the clutter that you have hiding in the nooks and crannies of your home. This is a judgment free class because we all are guilty of hanging onto too much. I know you can do this, but sometimes we just need a little help. If you have been to one of my decluttering classes, come again and get a fresh boost of encouragement as you work toward the goal of moving the clutter out the door.

Fee: \$3.

GROWING NUTRITION: MICROGREENS ON YOUR WINDOWSILL NEW!

Wednesday, Jan. 14, 1–3 p.m. Microgreens are a nutritious powerhouse you can grow in your own kitchen. Learn about the types of microgreens (broccoli, radish, sunflower, alfalfa, fenugreek and more), sample their unique flavors, and learn how to grow them in your home. Participants will leave with a starter kit to grow microgreens at home. Facilitated by Laura Ann Bergman, Seminary Hill Farm Liaison.

Fee: \$3.

HISTORY: A HISTORY OF THE DELAWARE INDIAN TRIBE NEW!

Monday, Jan. 26, 1–2 p.m. Member John Jackson traces the history of the Delaware Indian Tribe from its first encounters with Europeans in the tribes' native areas along the east coast in the Hudson River and Delaware River Valley areas, through its subsequent westward movements into Pennsylvania and Ohio and eventual permanent relocation to Oklahoma. Part of their identity continues to be noticed today as the source for the naming of the city and county in which SourcePoint resides. John Jackson is an author and transportation consultant who has held many senior positions in logistics management. He is a native of Chester County, Pennsylvania, ancestral home of the Lenape band of Delaware Indians.

Fee: \$3.

LET'S TALK ABOUT CURRENT EVENTS NEW!

Thursday, Jan. 8, 2–4 p.m.
Tuesday, Feb. 17, 2–4 p.m.
Thursday, March 26, 2–4 p.m.
It is the best two cents money can buy. That's because everyone gets to throw in their "two cents." Be prepared to share and hear various thoughts on the top issues and topics of the day. Two or three "current events" will be presented, and everyone will be asked to share their viewpoints on world affairs, domestic issues, politics, and

even sports. All are up for grabs. This is a perfect way to get your opinions off your chest, and out of your brain with presenter Van Young. Fee: \$3 per session.

LIVING LIFE TO ITS FULLEST RETURNS

Tuesdays, Jan 13 through March 3, 1–2:30 p.m.

Adults experience many life changes. They take on new jobs, roles, and relationships. They retire. They relocate to new houses and communities. They experience both growing and shrinking families. Their minds and bodies become more capable in many ways as well as less able in other ways. Living Life to Its Fullest focuses on adapting to life's changes, building strong relationships, living fully and joyfully, and continuing to grow, adapt, and thrive. It is not a lecture series; it uses discussion and hands-on experiences to bring helpful ideas to life. Join us for this enlightening, insightful and thought-provoking series.

Fee: \$40 for eight-week series.

MEDICATION AND DRUG DISPOSAL RETURNS

Wednesday, Feb. 11, 11 a.m.—noon.

An Officer from the Delaware Police Department and Lisa Kay Dooley, Community Engagement Coordinator from the Drug Free Delaware Coalition will be at SourcePoint to take in your prescriptions and medicines that you no longer need. (No inhalers, large quantities of liquids, natural supplements or vitamins.)

NATIVE, INVASIVE & NATURALIZED PLANTS NEW! Wednesday, Feb. 11, 1–3 p.m. Not all plants are beneficial to the environment. While many plants have a positive impact on the ecosystem, several actively harm the environment with their presence. Learn about the three categories for plants (native, non-native, and invasive), common examples of plants in each category, and why planting native plants is an important part of conservation. Participants will leave with a seed packet containing a blend of native perennial wildflowers to start their own pollinator gardens at home. Taught by Adam Wilis, AmeriCorps Conservation Specialist, MTSO.

NATURALIST-LED NATURE WALK NEW! A

Fee: \$3.

Thursday, March 5, 1-2:30 p.m. at Alum Creek State Park Office, located at 3615 S. Old State Road, Delaware.

Join us for an engaging nature walk guided by an expert naturalist who will bring the local landscape to life! With binoculars in hand, we'll explore trails teeming with wildlife—spotting birds, mammals, and maybe even a few surprises. Along the way, you'll learn about native species, habitats, and the hidden stories of the ecosystem right around us. Perfect for curious minds and nature lovers.

NESTBOX NEW!

Tuesday, March 10, 1-2:30 p.m. Join Darlene Sillick as she teaches you about designing and putting out a nestbox to attract native birds to your yard or park. From Eastern Bluebirds to Carolina Chickadees and more, your habitat will determine who may nest in your nestbox. Be a part of conservation and you can report your observations to Cornell Nestwatch. Fee \$5.

PRESERVATION PARKS: **NATURE TABLE RETURNS** Wednesday, Jan. 28, 11 a.m.-1 p.m.

Check out the nature table. You never know what you might learn about nature around us!

REAL ESTATE: BEHIND THE SCENES OF BUYING AND SELLING NEW!

Friday, Jan. 30, 1-2:30 p.m. The devil is in the details and we have all seen it. This is

especially true in real estate. Just ask someone who was supposed to close on a certain day only to find out there is a problem and they can't close at the agreed upon time. What happened? It was the details that got in the way. Come listen to our panel of experts talk about what they do to make sure you get to the closing on time. We are pleased to announce we will have a lender, title company representative, home inspector and one other behind-thescenes person come and explain what they do and why it is important to you, whether you are the buyer or the seller. It is estimated that around 16 people are involved in helping get a house sold and/or purchased, not to mention people needed for repairs, staging, moving etc. Knowledge is power so be informed. Remember some of the professionals you choose. That company/person may be the difference between a delay or being on time for the date of closing.

Fee: \$3.

REAL ESTATE: NEW HOME BUILDS NEW!

Friday, March 27, 1–2:30 p.m. Have you been thinking

about moving into a newbuilt home? Considering one with lower maintenance, a

new community, a first-floor bedroom and bath, less yard work etc. but don't know where to start? Well, this is your lucky day. We will have four new-home builders around the Delaware County area to tell you what each company has to offer. We will have representatives from DR Horton, K. Havnanian (55+ community), Fischer Homes and one other company (TBA). They will tell you about their house plans, locations in the area, and special offers they are running. There will be a question-and-answer time also. Come see what is available and what fits your needs. This is a great way to get an idea of what you are looking for in a new construction home and all you have to do is come to SourcePoint!

Fee: \$3.

SAILING A SMALL BOAT TO HAWAII *NEW!*Saturday, Jan. 10, 10:30–11:30 a.m.

Despite knowing practically nothing about sailing, presenter Dan Kiser sailed a 30-foot-long boat from San Diego to Honolulu. The only other person on the boat was the man who had finished building it just a few weeks before they left San Diego. The trip took 30 days, which included a fix of the hull that

had started leaking after being hit by a rogue wave. Just bring your curiosity and love of adventure!

Fee: \$3.

SEED TO BLOOM NEW! Wednesday, March 11, 1–3 p.m. at Seminary Hill Farm, Methodist Theological School, 3081 Columbus Pike, Delaware.

Come spend an afternoon in the warmth of the greenhouse planting flower seeds. Learn about the qualities of cut flowers, their growth habits and timing of planting. Each participant will be able to take home a 6 pack of their favorites for your own garden. Facilitated by Laura Ann Bergman, Seminary Hill Farm Liaison.

SPRING EQUINOX NEW! A Friday, March 20, 1–3 p.m. at Seminary Hill Farm, Methodist Theological School, 3081 Columbus Pike, Delaware.

Vernal equinox marks the true beginning of Spring. Come for a walk at Seminary Hill Farm, to breathe in the beauty of spring with all your senses. The walk will include a stroll through woodlands and spiral labyrinth meditation. Facilitated by Laura Ann Bergman, Seminary Hill Farm Liaison.

SURPRISING FACTS ABOUT **EVERY U.S. PRESIDENT NEW!** Wednesday, Feb. 18, 1–3 p.m. Since the establishment of the office in 1789, 45 people have served in 47 presidencies. Each president has brought their own brand of political discourse to the role, and historians tend to remember these leaders primarily for their major historical achievements and policy decisions. But behind the presidents' political legacies lie plenty of lesserknown details we don't hear about as often, whether it's a past life as an executioner, a penchant for skinny-dipping, or a fierce dislike of broccoli, vou will learn it all in this presentation.

Fee: \$3.

TECHNOLOGY 1:1 ASSISTANCE Mondays, 10 a.m.-12:45 p.m. by appointment.

Jarren Ringle provides guidance on technology in a 45-minute time slot. Do you have questions regarding a cell phone, PC, laptop, or tablet? Share your device and your questions at registration. Limit: two sessions per month.

TECHNOLOGY 1:1 ASSISTANCE: WAITING LIST Mondays, 10 a.m.-12:45 by

appointment.

Jarren Ringle provides guidance on technology in a 45-minute

time slot. If the time slots are full, please register for this waiting list. We will contact those on the waiting list in order of enrollment if appointments become available.

TECHNOLOGY: COMPUTER BASICS RETURNS

Wednesdays, Jan. 7 and 14, 1:30-3:30 p.m.

Learn computer and smartphone basics with Raman and Ranjan Panchal for simple day-to-day activities, such as preparing documents and spreadsheets, sending emails, checking websites for information, banking, and other simple matters. Ray has a master's degree in mechanical engineering, was a Manufacturing Manager and has teaching experience. Jan is a retired computer professional with a degree in computer science with mathematics.

TECHNOLOGY: FRAUD, SCAM, SOCIAL SECURITY HACKED? RETURNS A

Wednesday, Feb. 18, 1-3 p.m. Join Ray and Jan Panchal as they share how to guard against fraud, scams, phone scams, and data breaches. What steps should you take in the case of a data breach? Ray has a master's degree in mechanical engineering, was a Manufacturing Manager and

has teaching experience. Jan is a retired computer professional with a degree in computer science with mathematics.

THE ART AND INNOVATION OF **IMPRESSIONISM NEW!**

Friday, Jan. 9, 3-4:30 p.m.

Delve into the transformative world of Impressionism with Imani Burke as you explore the revolutionary 19thcentury art movement that broke away from academic tradition and forever altered the course of visual expression. Members will examine how Impressionist painters utilized loose brushwork, broken color, and plein air (open-air) painting to evoke the immediacy of perception and the fleeting moments of modern life. Participants will gain a deeper understanding of the formal innovations and socio-political undercurrents that shaped this avant-garde movement. Whether you're a practicing artist, student of art history, or simply a lover of modern art, this course offers a vibrant and immersive journey into one of the most beloved and influential periods in Western art.

Fee: \$3.

WHAT EXACTLY IS AI AND **HOW WILL IT AFFECT THE** FUTURE? NEW!

Friday, Jan. 16, 12:30-2:30

p.m.

Artificial Intelligence is no longer just science fiction it's transforming how we live, think, and work. Join Bob Gitter as this presentation explores what AI truly is, how it learns and makes decisions, and the surprising ways it's reshaping jobs, industries, and skills. From automation to creative collaboration with machines. we'll uncover how AI could redefine the future of workand what that means for all of us.

Fee: \$3.

WINTER BIRD HIKE AND FEEDER WATCH NEW!

Thursday, Jan. 15, 9:30-11 a.m. at Deer Haven **Preservation Park, 4183** Liberty Road, Delaware.

Yes! Birds are at home in Central Ohio in the winter. Join birder and naturalist Susan Wasmund and Darlene Sillick. Drive down the lane and keep to the right. Park at the lot next to the Nature Center. We will have a chance to spot and identify some of our winter visitors as well as year-round residents on this trip. Learn about identification, behavior, improve your binocular skills and enjoy the company of new friends during our 30-minute hike which is weather dependent. We will then warm up in the nature

center and have the chance to see our feathered friends up close while they forage at the feeding station. Sturdy shoes and binoculars are recommended. This program is appropriate for all levels of birders.

check out your library on the Lower Level. When classes are not in session, books may be borrowed. Returning books is easy: Place them on the cart in the hallway.

This program aligns with goals from Delaware County's Age-Friendly Action Plan. Learn more at MySourcePoint.org/age-friendly.
