ART NOUVEAU: NATURE, MODERNITY, MODERN AESTHETIC *NEW!*

Mondays, June 1 and 8, 12:15–1:15 p.m.

This lecture invites adult learners to step into the lush, curving world of Art Nouveau, the international style that swept across Europe and America from the 1890s to World War I. Characterized by sinuous lines, organic motifs, and the unification of the fine and decorative arts, Art Nouveau sought to erase the boundary between art and life. Through the works of Alphonse Mucha, Gustav Klimt, Hector Guimard, Antoni Gaudí, and others, participants will examine how this movement reflected a rapidly modernizing world and how its ideals seeded later modernist and contemporary aesthetics.

Fee: \$5.

BABY BOOMERS: THE 2ND GREATEST GENERATION? *NEW!*

Tuesday, May 19, 1–3 p.m.

Chances are, if you are reading this, you are probably a baby boomer or at least know someone who is. As the offspring of the "greatest

generation," we baby boomers set our own pathway and developed a life quite unlike that of our ancestors. We really were a generation of change, and our culture, dress, and music still invoke memories we all cherish even today. This presentation tells the facts and trivia about what might be called, "The Second Greatest Generation."

Fee: \$5.

**BE PREPARED, NOT PANICKED
*NEW!***

**BIRDING: EARLY SPRING
MIGRANTS *NEW!***

**Friday, April 10, 9–11 a.m.
at MTSO at Seminary Hill
Farm, 3081 Columbus Pike,
Delaware.**

With the change of seasons, comes a change in our natural world. Curious about birds? Join us at MTSO to say farewell to our winter avian visitors and greet our early spring migrants. This is a great opportunity for beginning birders since the birds can be more easily spotted without the leaves on the trees. All levels of experience are welcome. We will walk approximately one and a half miles on a level, mulched trail. Dress for the weather. Sturdy shoes and binoculars are recommended. Turn into the drive and bear to the right. Follow the signs to Seminary Hill Farm. There is an orange barn with a parking lot where we will meet.

**BIRDING: EXPLORING THE
DIVERSE HABITAT *NEW!***
**Monday, May 11, 9–11 a.m.
at Stratford Ecological Center,
3083 Liberty Road, Delaware.**

Spring migration is fully underway. The diverse habitat at Stratford has the potential for warblers, songbirds, raptors, and possibly waterfowl

during our hike. Learn about identification, behavior, improve your binocular skills, and enjoy the company of new friends during our 1–2 mile hike. Sturdy shoes and binoculars are recommended. This program is appropriate for all levels of birders. Drive down the lane with it ending in the parking lot. Park at the lot near the Education Building.

BIRDING FOR BEGINNERS *NEW!*

**Thursday, May 14, 8–9 a.m.
at Alum Creek Park, 3615 S.
Old State Road, Delaware.**

Join an ODNR Naturalist in exploring some scenic woodlands on a 1-mile walk while watching for migratory birds. Limited binoculars provided. Beginner hike difficulty – some hills and potential mud.

**BIRDING: NESTING AT HICKORY
*NEW!***

**Tuesday, June 9, 9–11 a.m.
at Hickory Woods Park, 1271
Pollock Road, Delaware.**

The natural world is amazing if we slow down and observe. Birds have arrived from their migration grounds, and many have nests in progress. Meet at the Hickory Woods Parking Lot in search of new discoveries. Learn about helpful apps, get tips on spotting wildlife in binoculars, and share our experiences about nature.

All levels of birders are welcome. Join us even if you are interested in a walk in nature with friends. Trails are flat. Dress for the weather. Sunscreen, hat, and a water bottle is recommended.

BIRDING: RESIDENT BIRDS THAT MAKE OHIO THEIR HOME *NEW!*

Tuesday, June 2, 9–10:30 a.m.

BREAKING THE FRAME: UNDERSTANDING CUBISM

NEW!

Wednesdays, June 10 and 24, 11 a.m.–noon.

This in-depth lecture explores Cubism, one of the most revolutionary art movements of the 20th century. Designed for adult learners with an interest in art history, modernism, or visual culture, this session will unpack how artists like Pablo Picasso and Georges Braque shattered centuries of representational art by reimagining space, perspective, and form.

Through guided analysis, visual comparisons, and discussion, participants will understand the philosophical and aesthetic foundations of Cubism, learn to identify Analytic and Synthetic Cubism and distinguish their visual characteristics, and examine how Cubism reshaped not only painting but also sculpture, architecture, literature, and design.

Fee \$5.

LIVING LIFE TO ITS FULLEST *RETURNS*

Thursdays, April 9 through May 28, 1–2:30 p.m.

Life is full of transitions—new roles and relationships, retirement, relocation, growing and shrinking families, and shifting abilities. Each stage of life brings both challenges and opportunities. Living Life to Its Fullest focuses on adapting

to change, and living fully and joyfully at any age. Blending research, insight, and heart, the course encourages thoughtful decisions aligned with your current life circumstances and invites you to see change not as a disruption, but as an opportunity for renewed meaning and purpose. This is not a lecture series. Through guided discussion and hands-on experiences, participants explore practical ideas they can apply to themselves and their relationships with family and friends. Past participants describe the course as “Wonderful!” “Very useful course!” “Insightful and thought-provoking.” “An investment in yourself—a gift you deserve.” The course is facilitated by Kathleen Shibley, BSSW, PhD, author of "UPcycle Your Life: Mastering Life Transitions, One Decision at a Time." She has more than five decades of experience helping individuals meet life changes with clarity, confidence, and purpose.

Fee: \$40 for eight-week series.
