

# 2019 ANNUAL REPORT

In 1992, SourcePoint started with one goal—to help local seniors live safely at home and avoid premature nursing home care and long waitlists. Today, we do that and much more.

SourcePoint is the most comprehensive aging services provider in Delaware County. We provide adults ages 55 and older with in-home care services, such as Meals on Wheels and personal care, that help seniors live independently at home. We also provide hundreds of community programs, both on-site in our enrichment center and off-site throughout the county, which promote health and wellness for older adults.

We are a unique nonprofit organization, bringing a variety of aging services and expertise together under one roof. SourcePoint is partially funded by a local property tax levy, as well as grants and private donations, and relies on hundreds of volunteers to help fulfill our mission.

# OUR DONORS

Donations allow SourcePoint to continue doing the important work we do—serving seniors. While we’re partially funded by the property tax levy, that covers just 78% of what we do. As the older population continues to grow in Delaware County, we rely on donations to bolster our funding and fill the gaps. Annual gifts to SourcePoint support the older adults we currently serve—and help us plan for the future.
