Provide committee information on the agency's background, history, and major accomplishments. Consider current major programming, services, details on the agency's primary constituency, and the agency's experience and capacity for managing grants of this nature. If your agency is submitting more than one program grant, only complete this section once.

**B. Program Information**

1. **Need Statement/Problem Description:** What problem or issue does this program intend to address? (Please limit inclusion of older adult population growth projections both on a national and local level) **(Max 2000 characters/350 words)**

2. **Program Description and Narrative:** How will this program address the previously described problem? Please estimate the number of individuals this program plans to serve in Delaware County and cite your source(s) for this information. **(Max 6000 characters/1000 words)**

### C. Program Goal and Objectives

Use the outline below to detail the program goal(s), the measurable objective(s) of your program, the activities planned to achieve these objectives, and the timeline for the completion of your objective(s).

A **Goal** is the broad impact intended by the program on those served. For example: *Combat hunger in Delaware County among at-risk older adults.*

Note: a goal is not a task involved with program administration such as renewing insurance or maintaining accurate documentation/files

An **Objective** is a measurable output expected as a result of the activities planned. For example: *Serve 238,000 meals in 2024 to 1100 at risk-older adults in Delaware County. SourcePoint will track progress using ServTracker. Measurable objectives should be specific, measurable (including a description of the method of measurement to be used), realistic, and relevant to the mission of SourcePoint.*

An **Activity** is the actual task or event that will occur to meet the objective and ultimately achieve the goal. For example: *50 volunteers will deliver hot and/or frozen meals to at-risk older adults in their homes 5 days per week.*

The **Timeline** provides the date(s) by which the proposed objective(s) will be completed. For example: *238,000 meals to be served to 1100 at-risk older adults by Dec. 31, 2024.*

Please be aware that this outline will be used in monthly reports on the project's progress toward achieving the outlined goals. Include as many objectives as relevant to your program.

<b>GOALS</b> What is your project intending to accomplish?	<b>MEASURABLE OBJECTIVES</b> How will the goal be achieved? How many individuals do you plan for this objective to impact? What is your method of measurement?	<b>MAJOR ACTIVITIES TO ACHIEVE OBJECTIVE</b> What activities/tasks will you do to meet your objective? Please include the number of individuals, events, etc.	<b>TIMELINE</b> Dates by which the proposed objectives will be completed.
