Welcome from Fara Waugh

Dear Volunteer,

Congratulations! You've taken the first step! You have joined a special group of generous, caring individuals, dedicated to our mission to keep seniors in their homes as long as possible. Our volunteers are vital to the success of our organization and we rely on their generosity of time and spirit to make our organization stronger and better able to serve the older and most frail members of our community. Whether this is your first volunteer opportunity or you have been serving our community in other capacities, we are certain that your experience will be truly rewarding.

We offer a variety of volunteer opportunities and are certain that you will find at least one that interests you. Your positive attitude, desire to help others, and previous life experiences are invaluable tools as you make a difference in our community. As one of our volunteers recently said, "I never thought that I would get more than I gave as a volunteer."

This handbook will help you learn how you can best serve as a volunteer and will assist you in utilizing your talents and energy to support our efforts in making Delaware County a better place to grow older. Your assistance will complement and extend services and help us ensure our mission of care is both efficiently and effectively provided.

We extend our heartfelt thanks to all our volunteers who help us keep older adults living safely and independently in their own homes. We are certain you will find your experience to be interesting, as well as enjoyable, and that you will want to encourage others to join our team, too. Your ideas, comments, and suggestions are always welcome.

Best Wishes,

Fara Waugh

Introduction

SourcePoint is a primary source of professional expertise, services, and programs for Delaware County adults who want to thrive after 55. Founded in 1991, when an increase in community-based care was necessary for the growing number of seniors, programs were developed to meet those needs. Today we offer in-home care services, nutrition services, assistance with insurance questions, and resources and support for family caregivers. We also provide fun, learning and fitness for seniors in our Enrichment Center.

One of the key strengths of SourcePoint has been the many contributions of dedicated volunteers who provide SourcePoint with credibility, insight, perspective, diversity, and expertise that helps fulfill SourcePoint's mission. A volunteer at SourcePoint is anyone who, without compensation or expectation of compensation beyond optional mileage reimbursement, performs a task at the direction of, and on behalf of, SourcePoint. Volunteers are not employees of SourcePoint, but they enhance the work of our staff members and allow staff to focus on tasks and projects that will increase greater service offerings to our senior community in Delaware County.

We are so grateful for all our volunteers do.

Purpose of this Manual

This handbook serves as a reference to help you understand how SourcePoint incorporates volunteers. It explains what every volunteer needs to know to begin their volunteer assignment. It will answer questions volunteers often ask and demonstrates how our volunteers are integral to SourcePoint's mission.

- C. A safe environment in which to perform the assigned role.
- D. Respect for privacy, including keeping our volunteers' personal information confidential.
- E. The ability to ask questions of, and get feedback from, an assigned Volunteer Supervisor.
- F. Optional mileage reimbursement incurred for pre-determined volunteer roles.

What SourcePoint Expects of Its Volunteers

We ask that SourcePoint volunteers:

- A. Support SourcePoint's mission.
- B. Participate in all relevant orientation and training programs.

- D. Provide timely notification of absences.
- E. Understand and comply with SourcePoint's policies and procedures.
- F. Notify their volunteer supervisor of any potentially hazardous situations, accidents, or incidents.
- G. Interact appropriately with all staff, clients, members and the public while volunteering.
- H. Safely use any SourcePoint property or equipment for the purpose of the assigned role, including the acceptable use of technology.
- I. Keep the lines of communication open regarding volunteer satisfaction.

SourcePoint's Mission, Vision, and Values

The mission of SourcePoint is to help our community set a course to live well after 55. We envision a community where every person 55 and over is empowered to live life to the fullest.

We uphold the following values:

- **Respect:** We recognize and uphold the diversity of the community and the dignity of each person.
- **Compassion:** We care for people and their families with empathy.
- **Interdependence:** We work cooperatively in a spirit of trust and collaboration.
- **Excellence:** We strive to achieve the highest standards of performance, care, and integrity.
- **Stewardship:** We use resources effectively and responsibly.
- **Advocacy:** We aspire to represent the best interests of the individuals we serve.

Volunteer Support

All volunteer positions are supported by a volunteer supervisor who is a staff member. Volunteers should address their questions, opinions, and concerns to their volunteer supervisor. Volunteers are always encouraged to share ideas and suggestions about program improvements.

Dress Code

For all intents and purposes, the dress code at SourcePoint is casual.

- A. Appropriate dress is expected while representing SourcePoint whether on-site or off-site.
- B. Volunteers are encouraged to wear their SourcePoint shirt.
- C. Volunteers are requested to wear their ID badges while volunteering.

Recording Service Time

Recording your donated time is an important part of volunteering. Besides being used as a tool to recognize our dedicated volunteers, this data assists SourcePoint in applying for grants and other funding opportunities.

There are two ways to record time served.

- The monitor at the volunteer kiosks includes a time-tracking module that records volunteers' service hours.

Use the number on your badge to sign in and sign out.

Click on the correct response on each screen that appears following this screen.

- VicNet is SourcePoint's online portal for volunteers who track off-site time and mileage.

Click on Volunteer Resources at the bottom of the SourcePoint website.

Use the Email address that SourcePoint has on file as the Login name.

Click on 'Need a Password' to create a password.

- Some assignments require paper timesheets. See SourcePoint's website for a sample. (See Volunteer Resources on SP website for examples – www.MySourcePoint.org).

Volunteer Mileage

Based on a volunteer's position, drivers of personal vehicles can choose to be reimbursed for the miles they drive while volunteering on behalf of SourcePoint. Options for reimbursement are 100% or 50% of miles driven, or the volunteer can choose to donate 100% of their mileage to SourcePoint.

- A. Volunteers who first report to SourcePoint before beginning their assignments, such as Meals on Wheels drivers, begin tracking time and mileage when they leave SourcePoint and end tracking time and mileage upon their return to SourcePoint.
- B. SourcePoint reimburses mileage via electronic auto-deposit monthly. Volunteers are strongly encouraged to supply banking information to accommodate this procedure.
- C. Volunteers who are reluctant to provide bank information will be mailed a mileage reimbursement check on a quarterly basis.

Use of Personal Vehicles

POLICY

This volunteer policy applies to all volunteers who drive their personal vehicles to transport clients or drive a delivery route (Medical Transportation, Ensure Deliveries and Meals on Wheels assignments).

Requirements for Volunteers who drive:

- A. Must be at least eighteen (18) years old.
- B. Must submit a **driver's license number** to the Volunteer Recruiter at the time of fingerprinting.
- C. Must provide proof of **vehicle insurance** to their Volunteer Supervisor before they may begin their driving assignment.

Required Insurance Coverage

Liability coverage -- \$100,000 per person; \$300,000 per accident

Property damage -- \$100,000; \$300,000 combined single limit.

- D. Medical Transportation drivers, because they transport clients, must give permission for an initial three-year report of their driving history from the Bureau of Motor Vehicles (BMV) and annually thereafter submit to a two-year BMV check that will be initiated by SourcePoint.
- E. Meals on Wheels and Ensure Delivery volunteers must give SourcePoint permission to request a two-year report of their driving history from the Bureau of Motor Vehicles (BMV) and thereafter every two years submit to a BMV check that will be initiated by SourcePoint.

Driving Record

- A. In the case of an accident, the volunteer's insurance is the primary insurance and SourcePoint's insurance is secondary.

- B. SourcePoint shall not be responsible for, or reimburse volunteers for, traffic violations, fines, or parking violations received while conducting SourcePoint business in their personal vehicle.
- C. While volunteering for SourcePoint, volunteers are expected to operate their personal cars in a lawful and safe manner.
- D. A driver with the following citations on his or her driving record is ineligible for SourcePoint driving assignments:
 - a. 3 speeding tickets within a 3-year period
 - b. 2 at-fault accidents within a 3-year period
 - c. A major moving violation within a 5-year period (DUI or Reckless Operation)
- E. A driver convicted of reckless operation or driving under the influence of alcohol or drugs, both of which are unlawful actions, or while driving as a SourcePoint volunteer or not, will no longer be qualified to drive on behalf of SourcePoint and will be reassigned to other volunteer duties (as agreed to by the volunteer) that do not include driving on behalf of SourcePoint.

PROCEDURE

These procedures refer to any such volunteers who drive their personal vehicles as defined in the policy above.

- A. Volunteers are required to report any suspension or revocation of the volunteer’s driver's license and any conviction of a major moving violation.
- B. A volunteer who does not report the above immediately will no longer be qualified to drive on behalf of SourcePoint and will be reassigned to other volunteer duties (as agreed to by the volunteer) that do not include driving on behalf of SourcePoint.

The following procedure refers to volunteers who drive SourcePoint vehicles on SourcePoint business.

The Human Resource Manager shall annually submit to the Bureau of Motor Vehicles (BMV) the names, license numbers, and proof of insurance for all volunteers who drive SourcePoint vehicles on SourcePoint business.

Volunteer Conduct

POLICY

SourcePoint strongly promotes an environment where conflict is resolved with mutually satisfying outcomes. Every effort should be made to resolve issues as soon as they arise. Every effort must be made to find an equitable solution and subsequent steps should only be taken when the previous steps fail.

- A. Volunteers are expected to follow rules of conduct that will protect the interest and safety of all staff, volunteers, clients, members, and visitors.
- B. Volunteers shall be courteous, considerate, respectful, and prompt in working with staff members and in dealing with and serving clients, members, and visitors.
- C. Volunteers shall maintain high standards of honesty, integrity, impartiality, and discretion.
- D. Volunteers shall place the interests of staff, clients, members, and visitors ahead of their personal interests.

- E. Volunteers shall not use, or attempt to use, their role at SourcePoint for personal gain or use confidential information for personal advantage.
- F. Volunteers whose roles require the use of technology resources, or who are given access for personal use, will adhere to SourcePoint’s policies and procedures for information technology.

PROCEDURE

Volunteers who do not adhere to SourcePoint policies and procedures or who fail to satisfactorily perform their volunteer assignment are subject to release from their assignment or reassignment to another position. Reassignment of a volunteer will occur when a volunteer is unable to continue in their current role but is able to volunteer in another capacity. Release of a volunteer will be the last resort.

Conduct meriting immediate assignment termination

- A. There are some conduct issues for which volunteers will be suspended immediately while an investigation is carried out. These include, but are not limited to, acts that constitute gross misconduct, e.g., theft, assault, an act of violence, malicious damage, deliberate falsification of documents, harassment, and being under the influence of drugs or alcohol.
- B. Illegal or criminal acts will be reported to the police and may result in prosecution.

Children Accompanying Adult Volunteers

POLICY

There are instances when children accompany adults when the adult volunteer is serving on their volunteer assignment. The two most common reasons for children accompanying an adult volunteer are due to childcare issues or the adult volunteer wants to expose the child to volunteering. This is more suitable for some assignments than to others.

- A. Assignments that are never conducive to accommodating children accompanying an adult volunteer are as follows:

Office assignments	Kitchen assistants
Gift shop assistant	Fitness desk attendant
Concierge	Aquatics desk attendant
- B. In all other areas, volunteers must secure the approval of their Volunteer Supervisor before bringing a child with them.

PROCEDURE

- A. Even if a Volunteer Supervisor grants approval for a child to accompany an adult volunteer, the approval is contingent on the following conditions:
 1. The adult provides continuous supervision
 2. The child’s behavior is not disruptive to staff, other volunteers, members, or clients

3. The child's presence does not interfere with the volunteer's ability to complete their assignment
- B. In the event these conditions are not met, the Volunteer Supervisor can rescind their approval for the child to accompany the adult volunteer.

Substance Use

POLICY

Drugs, alcohol, smoking, and vaping are strictly prohibited in all SourcePoint facilities, parking lots, and any other areas controlled by SourcePoint. They are also prohibited on or in clients' property or while transporting a client.

PROCEDURE

Volunteers who do not adhere to SourcePoint policies and procedures are subject to release from their assignment.

Volunteer Grievances

POLICY

- A. A dispute made by a volunteer, which involves complaints against a staff member or another volunteer or questions about policy interpretation or the application of hours and terms, shall be handled in accordance with the procedures outlined below.
- B. If the complaint is a discriminatory harassment complaint or falls under the American Disabilities Act (ADA), the complaint shall be referred to the Human Resource Manager.
- C. If a complaint is related to discrimination or discriminatory harassment, it will also be brought to the immediate attention of the CEO.
- D. There will be no negative action permitted against a volunteer for making a complaint.

PROCEDURE

The volunteer discusses the grievance with their Volunteer Supervisor and/or the Volunteer Recruiter, who shall make every reasonable effort to resolve the complaint as quickly as possible. If the volunteer is not satisfied with the response, the Volunteer Recruiter will discuss alternative volunteer opportunities with the volunteer.

Ethics

POLICY

- A. SourcePoint expects and requires of all volunteers and board members the highest standard of ethical behavior in all dealings with one another, with clients, and with members and visitors.
- B. When the nature of an ethical dilemma makes the proper course of action unclear, volunteers and board members are advised to seek advice from the management to whom they report to discuss matters that require clarification. In general, volunteers and board members are advised to err on the side of caution in handling ethical dilemmas.

PROCEDURE

Receiving Gifts

- A. Volunteers must adhere to the following guidelines regarding gifts.
 - 1. Accepting gifts that could be construed to improperly influence your work on behalf of SourcePoint is prohibited.
 - 2. It is useful to remember that appearances as well as reality are important considerations. The guiding principle in this area is to use good judgment.
 - 3. In general, gifts should not be accepted; however, in the event a gift is offered, the following examples can be used as a basis for deciding on the appropriateness of a gift.

Acceptable Gifts

- Baked goods
- Hand-crafted gifts
- Small mementos/trinkets
- Thank-you cards

Unacceptable Gifts

- Meals
- Cash
- Gift cards
- Reimbursement for gas
- Entertainment tickets
- Real estate
- Securities
- Solicited gifts

- B. When a volunteer cannot refuse to accept a gift of more than nominal value tactfully or without harming a relationship, the volunteer must promptly turn the gift over to their Volunteer Supervisor.

Giving Gifts

- A. As a rule, volunteers should not give gifts.
- B. Upon learning of a client's needs, a volunteer should not gift the client with money, home furnishings, meals, etc., without prior approval from the SourcePoint Client Services Manager.

C. Conflicts of Interests:

1. SourcePoint and its work exist within an internal and external "community of interest" related to the delivery of effective social and health services for older adults. Particularly in a small community the potential for conflicts of interest or the appearance of conflicts of interest is significant. These conflicts of interest should be avoided and the appearance of conflicts of interest should be dealt with through open disclosure.
2. Examples of potential conflicts of interest to be avoided include, but are not limited to, the following:
 - Representing SourcePoint in dealings in which the individual has an interest.
 - Soliciting personal favors from companies, grantees, or providers with whom SourcePoint does business.
 - Selling one's services to companies with whom SourcePoint does business.
 - Influencing an employment decision involving a relative or friend.
 - Seeking to influence a grant or contract with an organization with which one has a personal relationship.
 - Promoting a business belonging to a volunteer, a volunteer's relative or a volunteer's friend.
- D. Due to the interconnectedness of SourcePoint and its many partners, if a volunteer suspects that a technical conflict or the appearance of a conflict may exist, it is important that the matter be disclosed to the Volunteer Supervisor or, in the case of board members, to the Board of Directors, and that the volunteer abstain from the formal decision-making process involving the potential conflict.

Volunteer and Ethical Behaviors Agreement

POLICY

All volunteers must read and agree to the following agreement regarding ethical behaviors.

Volunteers who Allegedly Abuse, Neglect and/or Exploit Clients and/or Companion Animals

SourcePoint takes allegations of abuse, neglect, or exploitation seriously. Once the allegation is reported we will promptly, thoroughly, and impartially initiate an investigation to determine whether there is a reasonable basis to believe that abuse, neglect, or exploitation has been committed. To the fullest extent possible, but consistent with our legal obligation to report suspected abuse, neglect, or exploitation to appropriate authorities, we will endeavor to keep the identities of alleged victims and investigation subject confidential.

Volunteers will cooperate fully with any investigation conducted and the volunteer will be placed on leave for the duration of the investigation. If the investigation substantiates the allegation, SourcePoint will terminate their relationship with the volunteer.

Confidentiality

Volunteers are responsible for maintaining confidentiality of all privileged information to which they are exposed while serving as a volunteer, whether this information involves clients, donors, staff, other volunteers, or other persons involved with SourcePoint, all of whom trust that SourcePoint is a place where their private information does not go outside SourcePoint's walls, is not discussed in the common areas, and their information is not shared without their approval.

Likewise, if a staff member identifies that a volunteer is not a good fit for their volunteer position, or if the volunteer is struggling in some way in the area where they are volunteering, a discussion between the staff member and the volunteer will take place. HIPAA Information

What is HIPAA?

The **Health Insurance Portability and Accountability Act** of 1996, otherwise known as the HIPAA privacy rule, is a federal regulation that protects the health information of all individuals. Most of us share personal health information with our healthcare providers and our health insurers. This rule establishes guidelines and standards for the use and disclosure of client's personal health information.

When did it take effect?

The rule was enacted on August 14, 2002, and took effect on April 14, 2003.

If I am a volunteer or student, do I need to understand and follow the HIPAA rule?

Yes, according to the definition in the HIPAA regulation text: “workforce members include employees, volunteers, trainees, and other persons whose conduct, in the performance of work for the agency, is under the direct control of the agency, regardless of whether they are paid by the agency.”

What are the benefits of HIPAA?

- Ensures that all individuals receiving healthcare have greater access to his/her own health information and medical records.
- Ensures that healthcare providers take reasonable precautions to protect personal health information by imposing restrictions on its use and disclosure.

What is a covered entity (CE)?

A covered entity is defined as a **health care provider, a health plan or a healthcare clearing house** that transmits any health information in electronic form. Attorneys, accountants, software vendors and others providing business services to covered entities are NOT considered covered entities.

What is considered Protected Health Information (PHI)?

All individually identifiable health information that is used or disclosed by a covered entity in **any form, electronic, written or oral**. This includes information relating to the past, present or future physical or mental health of an individual, provision of care to an individual, or the past, present or future payment for health care provided to an individual.

What does this mean for SourcePoint?

- All our programs are affected because we transmit electronic PHI.
- We must protect the personal health information for **all** our clients.
- We must let clients know what we are doing to protect their personal health information.

When can I use or disclose PHI?

PHI can be used for treatment, payment and healthcare operations (TPO) without a specific authorization.

- “Treatment” means the provision, coordination or management of health care and related services among health care providers.
- “Payment” means the activities of health care providers to obtain payment or be reimbursed for their services.
- “Healthcare operations” means administrative, financial, legal and quality improvement activities of a covered entity that are necessary to run its business and to support the core functions of treatment and payment.

What is the minimum necessary standard?

Volunteers are to use only the minimum amount of protected health information that is necessary to perform their jobs. SourcePoint program directors, supervisors, and coordinators will determine the amount of information that each volunteer needs access to in order to complete their job. SourcePoint will make reasonable efforts to limit the PHI used, disclosed or requested.

- *An exception to this rule is the use or disclosure of records for treatment purposes.*

What is the Notice of Use of Private Health Information?

This is the privacy notice developed by SourcePoint that describes in detail, with examples, how SourcePoint will use and disclose protected health information. This notice is available in print and on the SourcePoint website www.MySourcePoint.org and is posted at the site of service when possible.

What is a Privacy Officer and who is it at SourcePoint?

The Privacy Officer is the individual at SourcePoint who has the responsibility to interpret and implement the HIPAA regulations. The Privacy Officer is responsible for investigating any complaints of privacy violations. The SourcePoint Privacy Officer is Amelia Tucciarone. She can be reached at 740-363-6677 or by writing to her at SourcePoint, 800 Cheshire Road, Delaware, OH 43015.

What are the patient's privacy rights?

- To receive the "Notice of Use of Private Health Information "on the first date of service.
- To request restrictions on the use and disclosure of PHI.
- To obtain copies of medical records.
- To inspect and correct PHI.
- To contact the privacy officer with any concerns.

What are the duties of the SourcePoint?

- To develop privacy policies, procedures and forms.
- To educate the workforce including volunteers.
- To determine how much information each volunteer needs in order to complete his/her job.
