

VOLUNTEERS NEEDED as Activity Partners at SourcePoint!

What is an activity partner?

An activity partner is an exciting new volunteer opportunity that pairs a volunteer with a care receiver who has similar interests and hobbies. Then, while the caregiver gets some much needed respite to participate in their own programs at SourcePoint, the activity partner engages with the care receiver in theirs.

How do I learn more or sign up?

To get started, contact Brian Fox, caregiver program coordinator, at bfox@MySourcePoint.org or 740-203-2399.

If you decide to become an activity partner, Brian will work with you to schedule your time with one another here in the building, participating in whichever art, learning, wellness, and social events appeal to each person.

Likewise, **if you are a family caregiver, please discuss this with your care receiver** to see if they would be interested in making a new connection!
