

CALLING ALL CAREGIVERS!

Could your care receiver benefit from a new friendship?

Introducing... **ACTIVITY PARTNERS!**

What is an activity partner?

An activity partner is an exciting new opportunity that pairs a volunteer with a care receiver who has similar interests and hobbies. Then, while you get some much deserved respite to participate in your own programs at SourcePoint, the activity partner engages with your loved one in theirs.

How do I learn more or sign up?

If you and your loved one could benefit from this program, contact the caregiver program coordinator at caregiver@MySourcePoint.org or 740-203-2399. We will work with you and your loved one to schedule time with an activity partner here in the building, participating in whichever art, learning, wellness, and social events appeal to each person.

SourcePoint is excited to provide this new opportunity in support of our caregivers. Contact us today to get started!

800 Cheshire Road, Delaware, Ohio 43015 | 740-363-6677 | [MySourcePoint.org](https://www.MySourcePoint.org)

SourcePoint's caregiver programs are funded in part by the Central Ohio Area Agency on Aging.
