Independent Auditor's Report

Board of Directors SourcePoint Delaware, Ohio

### Opinion

We have audited the accompanying financial statements of SourcePoint, which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of SourcePoint as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SourcePoint and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SourcePoint's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SourcePoint's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SourcePoint's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2024 on our consideration of SourcePoint's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SourcePoint's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SourcePoint's internal control over financial reporting and compliance.

HW&Co.

Columbus, Ohio July 31, 2024

### NOTES TO FINANCIAL STATEMENTS

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

### 1. Description of organization and summary of significant accounting policies:

#### **Description of organization:**

SourcePoint is the most comprehensive aging services provider in Delaware County, Ohio. SourcePoint is a nonprofit 501(c)(3) organization that is mainly funded by a countywide property tax levy, as well as private and corporate contributions and grants.

SourcePoint provides in-home care services, including Meals on Wheels, emergency response systems, personal care, medical transportation, and more, which help county residents ages 55 and older live safely and independently at home. SourcePoint also provides community programs for older adults and family caregivers, both on-site at its enrichment center and off-site at locations throughout the county.

### Measure of operations:

The statements of activities and changes in net assets report all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to SourcePoint's ongoing services to those aged 55 and older, contributions and grants for those services, and investment income earned on investments. Nonoperating activities are limited to unrealized gains and losses on investments and other activities considered to be of a more unusual or nonrecurring nature.

#### Basis of accounting:

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

#### Cash and cash equivalents:

Cash and cash equivalents includes all cash on hand, demand deposits held by banks, and other highly liquid accounts with maturities of three months or less. Cash and cash equivalents is maintained at financial institutions, and at times, balances exceed federally insured limits. The cash held at their depository bank is collateralized up to \$5,000,000 by the depository bank. The depository bank uses the Ohio Pooled Collateral System to collateralize deposits. SourcePoint does not expect to incur any losses from cash and cash equivalents held at financial institutions.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### **1.** Description of organization and summary of significant accounting policies (continued):

#### Accounts receivable, net:

Accounts receivable are recorded as performance obligations are satisfied.

The allowance estimate is derived from a review of SourcePoint's historical losses based on the aging of receivables. This estimate is adjusted for management's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by SourcePoint. SourcePoint believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses as SourcePoint's portfolio segments have remained constant since SourcePoint's inception. Based on this evaluation, management recorded an allowance for credit losses of \$35,400 at December 31, 2023 and \$18,639 at December 31, 2022.

SourcePoint writes off receivables when there is information that indicates the likelihood of collection is remote. If any recoveries are made from any accounts previously written off, they are recognized as an offset to credit loss expense in the year of recovery, in accordance with SourcePoint's accounting policy election. The total amount of write-offs was immaterial to the financial statements as a whole for the years ended December 31, 2023 and 2022.

#### Other receivables:

In 2023, SourcePoint began administering a health and dental benefits plan under a self-insured program (Note 13). Under the program, SourcePoint has stop-loss coverage for claims in excess of \$40,000 per covered individual, with an unlimited annual maximum per individual. The maximum annual aggregate coverage is \$1,000,000. In 2023, these amounts were exceeded by \$527,520 and was owed to SourcePoint as of December 31, 2023.

SourcePoint also is part of a rebate program with certain vendors for purchases made during the year. SourcePoint was owed \$7,500 in rebates for the fourth quarter of 2023. The rebates and the stop-loss reimbursement have been included in other receivables on the statement of financial position at December 31, 2023. There were no other receivables as of December 31, 2022.

#### Contributions and grants revenue:

Contributions are recorded as revenue when they are received or when the donor makes an unconditional promise to give. Contributions received are recorded as support with or without donor restrictions depending on the existence or nature of any donor restrictions. SourcePoint discloses conditional contributions, which are those with a measurable performance or other barrier and a right of return, in its financial statements. They are not recognized until the conditions on which they depend have been met. Conditional contributions totaled \$244,320 at December 31, 2023. There were no conditional contributions at December 31, 2022. Contributions that are donor restricted are reported as increases in net assets without donor restrictions if the restrictions expire in the year in which the contributions are recognized. All other contributions with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions, and reported as net assets released from donor restrictions on the statements of activities and changes in net assets.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### **1.** Description of organization and summary of significant accounting policies (continued):

#### Contributions and grants revenue (continued):

SourcePoint receives grants from local, state, and Federal government sources under a variety of programs. Amounts received under these programs generally require compliance with terms and conditions specified in the grant agreements, and may be subject to audit by the grantor agencies. Grant revenue under these types of programs is reported as an increase in net assets without donor restrictions in the reporting period in which the terms and conditions specified in the grant agreement are satisfied.

#### **Revenue recognition:**

SourcePoint recognizes service fees and related revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers.* The core principal of this guidance is that an entity should recognize revenue to depict the transfer of promised goods or services in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve that core principle, an entity should apply the following steps, (1) identify the contract(s), (2) identify the performance obligations in the contract, and (5) recognize revenue when (or as) the entity satisfies a performance obligation.

Service fees and related revenue is reported at the amount that reflects the consideration to which SourcePoint expects to be entitled in exchange for services provided. These amounts are due from various individuals and government agencies and third-party payors (insurance contracts), and include variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, SourcePoint bills all payors subsequent to the services being provided. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by SourcePoint. SourcePoint measures the performance obligation, primarily, on a per unit/visit basis as services are provided.

Since all of the performance obligations relate to contracts with a duration of less than one year, SourcePoint has elected to apply the optional exemption provided in the FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

SourcePoint determines the transaction price based on contractually agreed-upon amounts or rates, reduced by contractual adjustments provided to third-party payors and other adjustments for estimated or variable considerations, such as implicit price concessions. SourcePoint utilizes the expected value method to determine the amount of variable consideration that should be included to arrive at the transaction price, using contractual agreements and historical reimbursement experience with each payor. SourcePoint assesses collectability on all accounts prior to providing services.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### **1.** Description of organization and summary of significant accounting policies (continued):

#### **Revenue recognition (continued):**

SourcePoint recognizes revenue in the statements of activities and changes in net assets and contract assets on the statements of financial position only when the services have been provided. Since SourcePoint has performed its obligations under the contracts, it has unconditional rights to the consideration recorded and classifies those amounts as accounts receivable. There are no contract assets at December 31, 2023 and 2022.

The contract liability represents the payments that SourcePoint receives in advance of providing services. SourcePoint includes the contract liability in deferred revenue on the statements of financial position. Accounts receivable and contract liability were as follows:

	Dec	December 31, 2023		December 31, 2022		January 1, 2022	
Receivables:							
Accounts receivable, net	\$	199,887	\$	155,712	\$	142,270	
Grants receivable		109,900		-		-	
Other receivables		535,020		-		-	
Contract liability; deferred revenue		(49,386)		(39,278)		(12,396)	

SourcePoint recognizes property tax levy and intergovernmental revenue when it is measurable and available to finance expenditures of the current fiscal period. Revenue recognized for property tax levy and intergovernmental support provided by Delaware County, Ohio was \$10,202,710 (76% of total revenue and other support) in 2023 and \$10,065,475 (81% of total revenue and other support) in 2022.

#### Donated services and in-kind contributions:

Volunteers have made significant contributions of their time in furtherance of SourcePoint's mission. These services are not reflected in the accompanying statements of activities and changes in net assets because they do not meet the necessary criteria for recognition under U.S. GAAP. The value of hours was \$2,001,492 for 2023 and \$1,416,962 for 2022. These values are calculated using hourly rates provided by a nationally recognized independent source.

SourcePoint also received donated supplies and space for its facility and offices which are recorded at their estimated fair value determined on the date of contribution and are reported as in-kind contributions and operating expenses on the accompanying statements of activities and changes in net assets.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### YEARS ENDED DECEMBER 31, 2023 AND 2022

### **1.** Description of organization and summary of significant accounting policies (continued):

#### Donated services and in-kind contributions (continued):

During the year ended December 31, 2023, contributed goods and services consisted of the following:

Cumpling	Revenue F		Valuation Technique and Inputs
Supplies	\$	16,119	Value is estimated based on estimated fair value of donated asset.
Space	\$	82,266	Value is based on the average cost per square foot to lease commercial property in Delaware County times the square footage of the donated space.

During the year ended December 31, 2022, contributed goods and services consisted of the following:

Supplies	<u>Revenue</u>	<u>Received</u>	Valuation Technique and Inputs
	\$	28,465	Value is estimated based on estimated fair value of donated asset.
Space	\$	63,179	Value is based on the average cost per square foot to lease commercial property in Delaware County times the square footage of the donated space.

SourcePoint's policy related to donated goods and services is to utilize the donated goods and services to carry out the mission of SourcePoint. If an asset is provided that does not allow SourcePoint to utilize it in its normal course of business, the asset will be sold at its fair market value as determined by appraisal or specialist depending on the type of asset.

All donated goods and services were utilized by SourcePoint's programs and supporting services. There were no donor-imposed restrictions associated with the donated goods or services.

#### Contribution receivable for the use of building:

Contribution receivable for the use of building was initially recognized as revenue with donor restrictions when the donor explicitly and unconditionally promised the use of the building for a specified period of time. The period of time is expected to be longer than one year and therefore, the contribution receivable for the use of building is discounted to present value using SourcePoint's estimated incremental borrowing rate (See Note 4).

#### Inventory:

Inventory is stated at the lower of cost or net realizable value, and consists of products that are sold to support SourcePoint's mission.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### YEARS ENDED DECEMBER 31, 2023 AND 2022

### **1.** Description of organization and summary of significant accounting policies (continued):

#### Property and equipment:

Additions of property and equipment are recorded at cost or at fair value if acquired by gift. Maintenance and repairs are charged to operations when incurred. When property and equipment is sold or otherwise disposed of, the asset account and related accumulated depreciation are relieved, and any gain or loss is included in nonoperating activities on the statements of activities and changes in net assets.

The cost of property and equipment is depreciated over the estimated useful lives of the related assets. Depreciation is calculated on the straight-line method.

#### Investments:

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, and interest and dividends) is included in net assets without donor restrictions unless the income or loss is restricted by the donor, passage of time, or law on the statements of activities and changes in net assets.

Investments consisting of corporate bonds, mutual funds, common stocks, exchange-traded funds, and U.S. Treasury/municipal bonds are recorded at market value determined based on quoted market prices or the third-party active market.

#### Grants:

SourcePoint enters into grant agreements with various organizations to assist these organizations in providing services to the senior population of Delaware County, Ohio.

Unconditional grants are recorded as expense during the year of approval. Grants subject to certain conditions are recorded as expense during the year in which conditions are met. Grants payable within one year are recorded at their fair value at the date of authorization. Grants payable in more than one year are recorded at the present value of their future cash flows for material obligations. Grants payable is \$44,260 at December 31, 2023 and \$45,291 at December 31, 2022. SourcePoint had conditional grants of \$435,964 at December 31, 2023 and \$423,266 at December 31, 2022.

#### Deferred revenue:

Deferred revenue represents unearned activity and service fees revenue for which the related conditions and performance obligations, respectively, have not been satisfied. The deferred revenue is recognized into income as SourcePoint meets the conditions or satisfies the performance obligations.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### **1.** Description of organization and summary of significant accounting policies (continued):

#### Net assets without donor restrictions:

Net assets without donor restrictions include net assets available for use in general operations and are not subject to donor restrictions. The Board of Directors has designated, from net assets without donor restrictions, \$970,787 at December 31, 2023 and 2022 for future capital improvements and major maintenance projects.

#### Net assets with donor restrictions:

Net assets with donor restrictions include net assets whose use has been restricted by donors to a specific time period and/or purpose.

#### Income taxes:

SourcePoint is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (the Code), and is exempt from Federal income taxes on related income pursuant to Section 501(a) of the Code.

#### Advertising costs:

The costs of advertising are expensed as incurred. Advertising expense was \$25,393 in 2023 and \$28,035 in 2022.

#### **Classification of expenses:**

Certain categories of expenses are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Expenses that are allocated include salaries and wages and payroll taxes and benefits which are allocated based on job descriptions and time and effort. The remaining expenses which are not directly identifiable by program or support service are allocated on the best estimates of management.

#### **Recently adopted accounting pronouncement:**

In June 2016, FASB issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments – Credit Losses* (Topic 326) *Measurement of Credit Losses on Financial Instruments*. This ASU requires a financial asset, or group of financial assets, measured at amortized cost basis to be presented at the net amount expected to be collected. The measurement of expected credit losses is based on historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the reported amount. This ASU also amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration. In November 2019, FASB issued an ASU to defer the implementation date of this ASU. Therefore, SoucePoint adopted this ASU during the year ended December 31, 2023. There was no significant impact on SoucePoint's financial statements in implementing the provisions of this ASU.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### **1.** Description of organization and summary of significant accounting policies (continued):

#### Recently adopted accounting pronouncement (continued):

As a result of utilizing the modified retrospective transition method, there was no effect to the opening balance of the allowance for credit losses or net assets at January 1, 2023.

#### **Reclassifications:**

Certain amounts in the 2022 financial statements have been reclassified to conform to the 2023 presentation.

#### 2. Coronavirus stimulus funding:

Coronavirus stimulus funding was approved through the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the American Rescue Plan Act (ARPA) during 2023 and 2022, and are specifically for health care and related providers. These funds are required to be used for expenses and/or lost revenue relating to the COVID-19 pandemic as defined in the "Terms and Conditions" and subsequently issued related guidance. SourcePoint received and recorded \$277,263 in 2023 in accordance with FASB ASC Topic 958, *Contributions*, which is included in contributions and grants on the statement of activities and changes in net assets. SourcePoint did not receive any stimulus funding in 2022.

#### 3. Liquidity and availability:

SourcePoint's financial assets available within one year of the statements of financial position dates for general expenditures are as follows:

		2023	 2022
Cash and cash equivalents, net of donor-restricted and			
board-designated amounts	\$	2,819,354	\$ 3,230,274
Receivables:			
Accounts receivable, net of allowance for credit losses		199,887	155,715
Grants receivable		109,900	-
Other receivables		535,020	-
Interest receivable		46,449	47,940
Investments		8,872,158	 8,159,973
	Ś	12,582,768	\$ 11,593,902

As part of SourcePoint's liquidity management, its goal generally is to maintain financial assets to meet 292 days of operating expenses. This goal was established in relation to the funding cycle of the property tax levy, which provides approximately 80% of annual revenues. As part of the liquidity plan, excess public funds are invested in fixed-income vehicles with scattered maturity dates, so that immediate cash needs can be funded by utilizing maturing securities. Although SourcePoint does not intend to spend from its noncurrent investments within one year of the statement of financial position date, amounts from noncurrent investments could be made available for general expenditures, if necessary.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 4. Contribution receivable for the use of building:

SourcePoint leases its primary building from the Delaware County Commissioners with lease payments significantly below fair market value (see Note 8). In accordance with U.S. GAAP, SourcePoint recognized the difference between the estimated fair value of the lease and the payments they are making as contribution receivable for the use of building on the statements of financial position and revenue with donor restrictions on the statements of activities and changes in net assets. The fair market value was determined by management using an estimated lease cost per square foot after actual maintenance and related costs of the building. The contribution receivable for the use of building beyond one year is reported at its present value using a discount rate of 5.0% at December 31, 2023 and 2022.

The scheduled contribution receivable and related discount is as follows:

		2023		2022
Contribution receivable within one year	\$	464,000	\$	464,000
Contribution receivable beyond one year		464,000		928,000
Less unamortized discount		218,200		300,466
	<u>\$</u>	709,800	<u>\$</u>	1,091,534

#### 5. Service fees and related revenue:

The following is a summary of service fees and related revenue types and payors.

### **Comprehensive aging services:**

#### Private pay payors:

SourcePoint's private pay service rates are determined, published, and periodically updated by management.

SourcePoint has elected a practical expedient to not adjust the promised amount of consideration for the effects of a significant component due to its expectation that the period between the time the service is provided and the time payment is received will be one year or less. However, in certain instances, if SourcePoint enters into payment agreements with members that allow payments to be made in excess of one year, for those situations, the financing components are not significant to the contract.

#### Third-party payors:

The following is a summary of the payment arrangements with third-party payors:

#### • Ohio Medicaid:

Medicaid services are paid through various Ohio programs, including the PASSPORT (Pre-Admission Screening Providing Options and Resources Today) program. Rates are adjusted by the Ohio Department of Medicaid.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 5. Service fees and related revenue (continued):

#### Third-party payors (continued):

• MyCare Ohio:

MyCare Ohio is an integrated care program for dually eligible Medicare and Medicaid beneficiaries. All Medicaid benefits for members in the program are covered by a managed care company. Members covered by the program can opt-out of the Medicare portion of the program and choose to have their benefits covered by the traditional Medicare program. The managed care plans are required by Ohio law to reimburse senior care providers at a minimum of the provider's traditional Medicaid PASSPORT fee-for-service rate. Medicare reimbursements are determined based on the contract between the plan and the provider and may be based on a per unit basis.

• Other:

Payment agreements with commercial insurance carriers and managed care companies provide for payment using prospectively determined per-unit rates.

#### Disaggregation of revenue:

SourcePoint has determined that the nature, amount, timing, and uncertainty of service fees and related revenue and cash flows are affected by the following factors: payors, service lines, method of reimbursement, and timing of when revenue is recognized. The following is a summary of the composition of service fees and related revenue by primary payor for the years ended December 31, 2023 and 2022:

	2023	2022
Private pay	93%	87%
MyCare Ohio Ohio Medicaid	5 1	3
Other	1	3
	100%	100%

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 6. Investments:

The following is a summary of investments at December 31, 2023 and 2022:

	 2023	2022	
Corporate bonds	\$ 6,301,049	\$	5,945,007
Mutual funds	908,339		706,893
Common stocks	672,247		398,361
Exchange-traded funds (ETFs)	15,595		109,335
U.S. Treasury/municipal bonds	 974,928		1,000,377
	\$ 8,872,158	\$	8,159,973

SourcePoint invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could have a material effect on SourcePoint's statements of financial position, activities and changes in net assets, and cash flows.

#### 7. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that SourcePoint has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 7. Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair value of the mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by SourcePoint are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by SourcePoint are deemed to be actively traded.

Common stocks: The fair value of common stock is based upon quoted market prices.

Exchange traded funds: The fair value of exchange traded funds is based on quoted market prices.

U.S. Treasury/municipal and corporate bonds: The fair value of these bonds is based on calculations prepared by the financial institution utilizing interest rates and yield curves in the third-party active market.

Beneficial interest in assets held by others: The fair value of beneficial interest in assets held by others is based on quoted market prices for the assets held by others using the market approach. It is corroborated through information provided by the Delaware County Foundation of quoted market prices for similar assets in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although SourcePoint believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, SourcePoint's assets at fair value as of December 31, 2023 and 2022:

		2023				2022				
		Level 1		Level 2		Level 1		Level 2		
Investments:										
Corporate bonds	\$	-	\$	6,301,049	\$	-	\$	5,945,007		
Mutual funds		908,339		-		706,893		-		
U.S. Treasury/municipal bonds		-		974,928		-		1,000,377		
Common stock		672,247		-		398,361		-		
Exchange-traded funds		15,595		-		109,335		-		
Beneficial interest in assets held by										
others		-		49,666		-		43,417		
Deferred compensation investments:										
Mutual funds		219,964		-		249,634				
Total	\$	1,816,145	<u>\$</u>	7,325,643	<u>\$</u>	1,464,223	<u>\$</u>	6,988,801		

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 8. Lease commitment:

In October 2007, SourcePoint entered into a lease agreement with the Delaware County Commissioners to lease real property consisting of approximately 12.74 acres, known as 800 Cheshire Road, Delaware, Ohio, and a 58,000-square-foot facility, including meeting and activity rooms, offices, kitchen, exercise pool, and paved parking areas.

The terms of the lease agreement specify that leased premises shall be used to provide services to improve the quality of life of older adults in Delaware County, Ohio. In addition, SourcePoint is required to maintain compliance with all provisions set forth in applicable bond financing certificates issued by Delaware County. (Delaware County Commissioners issued Capital Facilities Refunding Bonds, series 2013, in the amount of \$7,245,000, for the purpose of paying the costs of refunding bonds previously issued by the county to purchase land and construction at 800 Cheshire Road, Delaware Ohio, for the purpose of providing a facility for senior citizens. The commissioners previously issued Capital Facilities Bonds, series 2005A was in the amount of \$12,000,000.)

Lease payments under this lease are \$1.00 per year, and SourcePoint may purchase right title and interest in the leased premises at the termination of the lease. A right-of-use asset and lease obligation is not recorded as the consideration being paid by SourcePoint is not significant (\$1.00 per year). As discussed in Notes 1 and 4, lease payments are below fair market value, and SourcePoint records in-kind contributions annually for the fair market value of this lease arrangement. Total lease expense related to this in-kind contribution totaled \$464,000 in 2023 and 2022, and is recorded to occupancy expense on the statements of functional expenses. The current year discount revenue is recorded to other revenue and the remaining amount is released from donor restrictions and reported in net assets without donor restrictions.

During the term of the lease, SourcePoint is responsible for all maintenance, repairs, utilities, taxes, assessments, insurance, improvements, and all general upkeep of the leased property. The lease terminates on December 31, 2025.

#### 9. Beneficial interest in assets held by others:

SourcePoint has funds held at the Delaware County Community Foundation (Foundation) for the use of SourcePoint. These funds are subject to the variance power of the Board of Trustees of the Foundation. The variance power permits the Foundation's Board of Trustees, in its sole discretion to redirect all or part of the funds' income and/or assets to another organization.

The fair value of the beneficial interest in assets held by others was \$49,666 at December 31, 2023 and \$43,417 at December 31, 2022.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### YEARS ENDED DECEMBER 31, 2023 AND 2022

#### 10. Net assets with donor restrictions:

The following is a summary of net assets with donor restrictions at December 31, 2023 and 2022:

	 2023	2022		
Scholarship fund (A) , subject to expenditure for specified purpose Contribution receivable for the use of building, subject to the	\$ 17,363	\$	17,487	
passage of time	709,800		1,091,534	
Other, subject to expenditure for specified purpose	 25,800		-	
	\$ 752,963	\$	1,109,021	

The following is a summary of net assets released from donor restrictions at December 31, 2023 and 2022:

		 2022		
Scholarship fund (A)	\$	124	\$ 2,595	
Contribution receivable for the use of building		381,734	400,821	
Other	<u> </u>	-	 46,000	
	\$	381,858	\$ 449,416	

(A) Prior to 2022, SourcePoint began soliciting contributions to be used to award scholarships for seniors to help offset the cost of enrichment center membership and activities. These funds are treated as restricted contributions, until they are awarded to recipients.

#### 11. Employee benefit plans:

#### Tax deferred 403(b) plan:

SourcePoint has a tax-deferred 403(b) plan covering all eligible employees, who meet length of service and hours worked requirements. The assets are held for each employee in an individual account maintained by an investment firm. Under the program, an employee may elect to contribute up to the extent allowable by law. In addition, SourcePoint contributes 4% of each eligible employee's annual wages and also matches employee contributions to the plan up to 4% of each eligible employee's wages.

#### Deferred compensation plan:

SourcePoint has a deferred compensation plan for certain key employees. The plan provides for salary deferral and employer discretionary contributions. The employees are fully vested in their account at all times. The agreement provides for distributions of their accounts in a single lump sum after certain distributable events as well as employee elective distributions of all or a portion of their account based on certain conditions that are met. The asset and related liability have been reflected in SourcePoint's statements of financial position as of December 31, 2023 and 2022.

Total pension expense for both plans was \$275,575 for 2023 and \$251,042 for 2022.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### YEARS ENDED DECEMBER 31, 2023 AND 2022

### 12. Management compensation:

The SourcePoint Board of Directors employs its Chief Executive Officer under an employment agreement, which provides for a base salary, life insurance, health insurance, retirement, professional development benefits, and annual increases. The current employment agreement expired June 30, 2024. This employment agreement was extended for an additional five years on July 1, 2024, and expires on June 30, 2029.

### 13. Commitments and contingent liabilities:

SourcePoint is self-insured with regard to the State of Ohio (State) unemployment insurance program, and will reimburse the State for any unemployment benefits paid by the State on behalf of SourcePoint's former employees. SourcePoint does not anticipate any material liabilities or commitments under this self-insured arrangement.

In 2023, SourcePoint became self-insured with regard to its health and dental benefit plan under a selfinsured program. Under this program SourcePoint is reimbursed for coverage claims that exceed certain limits (See Note 1). At December 31, 2023, SourcePoint exceeded these limits and does not anticipate any material liabilities or commitments under this self-insured arrangement.

### 14. Subsequent events:

In preparing these financial statements, SourcePoint has evaluated events and transactions for potential recognition or disclosure through July 31, 2024, the date SourcePoint's financial statements were available to be issued.

### Independent Auditor's Report on Accompanying Supplementary Information

Board of Directors SourcePoint Delaware, Ohio

We have audited the financial statements of SourcePoint, as of and for the years ended December 31, 2023 and 2022, and have issued our report thereon dated July 31, 2024, which expressed an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of Federal awards on page 25 is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and vector applied in the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

HW&Co.

Columbus, Ohio July 31, 2024

#### Notes to Schedule of Expenditures of Federal Awards

#### Note A – Basis of presentation:

The schedule of expenditures of Federal awards includes the Federal grant activity of SourcePoint under programs of the Federal government for the year ended December 31, 2023. The information in the schedule of expenditures of Federal awards is presented in accordance with the requirements of Title 2 U.S. *Code of Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule of expenditures of Federal awards presents only a selected portion of the operations of SourcePoint, it is not intended to and does not present the financial position, changes in net assets, or cash flows of SourcePoint.

#### Note B – Summary of significant accounting policies:

Expenditures reported on the schedule of expenditures of Federal awards are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### Note C – Matching fund requirements:

In accordance with the Title III B and Title III C programs SourcePoint was required to obtain matching contributions totaling \$61,331. SourcePoint exceeded the required matching fund requirement.

#### Note D - Non-cash assistance:

SourcePoint did not receive any donations of personal protective equipment.

#### Note E – Indirect cost rate:

SourcePoint has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

### Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors SourcePoint Delaware, Ohio

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of SourcePoint (a not-for-profit corporation), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 31, 2024

### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered SourcePoint's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SourcePoint's internal control. Accordingly, we do not express an opinion on the effectiveness of SourcePoint's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of SourcePoint's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether SourcePoint's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SourcePoint's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SourcePoint's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors SourcePoint Delaware, Ohio

### **Report on Compliance for Each Major Federal Program**

### **Opinion on Each Major Federal Program**

We have audited SourcePoint's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of SourcePoint's major Federal programs for the year ended December 31, 2023. SourcePoint's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, SourcePoint complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended December 31, 2023.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of SourcePoint and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major Federal program. Our audit does not provide a legal determination of SourcePoint's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to SourcePoint's Federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on SourcePoint's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about SourcePoint's compliance with the requirements of each major Federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding SourcePoint's compliance with the compliance requirements referred to above and
  performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of SourcePoint's internal control over compliance relevant to the audit in order to
  design audit procedures that are appropriate in the circumstances and to test and report on internal control
  over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion
  on the effectiveness of SourcePoint's internal control over compliance. Accordingly, no such opinion is
  expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance possibility that material noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
