

Our Local *Property Taxes* at Work

SourcePoint is proud to serve the older adults in Delaware County. Thanks to the Senior Services Property Tax Levy, which provides between 75% and 80% of our funding, we provide services like:

- Meals on Wheels and community cafes
- Medical transportation for older adults
- Homemaking and personal care
- Health and wellness programs

Last year, **91% of in-home care clients said services helped them stay at home.** SourcePoint provides resources that allow older adults to stay in their homes and communities—*where they want to be*—and at a lower cost than a nursing home.

Did You Know?

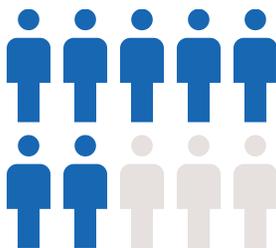

Delaware County is one of the fastest-growing counties in Ohio, *with total population growth of more than 35% since 2010.*

More than 1 in 4 residents will be age 60 or older by 2030.

Longer life expectancy means more residents living into their 80s and beyond—*the age group most likely to need supportive services.*

In Our Community

Eliminating property taxes—*without a plan to replace the lost funding*—puts vital services at risk.

More than **69%** voted in support of the last levy

Stable, local funding ensures services remain available for today's older adults—and *tomorrow's.*
